

Dr. Huffman to Join Cape Coral Practice

Dr. Lucia Huffman has joined Physicians' Primary Care of Southwest Florida (www.ppcswfl.com) as a family medicine physician. Dr. Huffman will see patients at the Cape Coral Family Medicine office at 1304 S.E. 8th Terrace, where she will provide preventative care and adult physicals as well as treatment of chronic conditions such as diabetes and hypertension. She is a graduate of the University of California in Santa Cruz, where she received her Bachelor of Science degree in molecular, cellular and developmental biology. Dr. Huffman earned her Doctor of Medicine degree from the University of Medicine and Health Sciences in the West Indies and St. Matthews University in Grand Cayman. She also earned a Master of Business Administration in Health Care Management from Davenport University in Grand Rapids, Michigan. Her residency was completed at Lee Memorial Hospital in Fort Myers under the Florida State University residency program.
