

Physicians' Primary Care

OF SOUTHWEST FLORIDA

A Message from Dr. Jones

To all Patients, Parents, Grandparents and Guardians,

It has been my great honor and pleasure to serve you and our community for the past 15 years as your pediatrician. I have loved being a part of your family while watching Lee County's children grow and thrive. Just as children grow up and move on though, I must too.

Effective January 17th, 2020 I will no longer be practicing locally. I have been offered an amazing opportunity to practice pediatrics in Germany. This is something that I am very excited to do, for myself and for my family.

Your healthcare remains important to me and to my partners at PPC. As you schedule your check-ups or follow-up appointments the staff will schedule you with one of my partners (many of whom you may have already seen) as they will assume the care of all my patients after my departure. I will still be available for appointments through January 17. I am confident that you will continue to receive excellent medical care by the best pediatric healthcare professionals in Lee County.

It has been my privilege to serve you and your families and I wish everyone good health and personal success.

Sincerely,
Eric Jones, M.D.

Physician-Owned. Patient-Centered
